

KLAUS K. LOENHART

Breathe-

Investigations into
Our Atmospherically
Entangled Future

Birkhäuser
Basel

-Content

- 20 Klaus K. Loenhardt
*In the Meteorological Turn –
 Explorations of Our Atmospherically Entangled Future* (Foreword)
 Graz University of Technology, Graz
- 33 Klaus K. Loenhardt
*Beyond Gravity –
 Approaching Interwoven Atmostories*
 Graz University of Technology, Graz

I–The Disappearance of the Outside – Breathing Into the Planetary

- 91 Bruno Latour
Air
 Université Sciences Po, Paris
- 97 Eva Horn
Being in The Air
 University of Vienna, Vienna
- 119 Heather Davis
Living Within the Air: Towards an Ethics of Breathability
 The New School, New York City
- 127 David Life
A Cultivation of Breathing
 Jivamukti Yoga, New York City

II—An Atmospheric Consciousness – Immersing into Atmospheres

- 155 BRONISLAW SZERSZYNSKI
The Opening of Climate
Lancaster University, Lancaster
- 163 JEAN-PAUL THIBAUD
The Atmospherization of Everyday Experience
French National Centre for Scientific Research CNRS, Paris
- 175 GERNOT BÖHME
Atmospheres – New Conditions for Design
Darmstadt University of Technology, Darmstadt
- 185 PETER SLOTERDIJK
How Big is the Atmosphere?
Karlsruhe University of Arts and Design, Karlsruhe

III—Entangling with the World – Our Biometeorological Dasein

- 215 ROSETTA SARAH ELKIN
Plant Life: The Political Ecology of Working Together
McGill University, Montréal
- 231 MATTHIAS SCHULER, ANJA THIERFELDER AND
WOLFGANG KESSLING
How Air Creates Atmosphere
transsolar – climate engineering; Stuttgart/München/New York
- 247 TOMÁS SARACENO
Becoming-airborne
Artist; Buenos Aires/ Berlin
- 255 KLAUS K. LOENHART
*Biometeorological Design –
Architectures of the Planetary-Atmospheric Turn*
Graz University of Technology, Graz; terrain: integral
designs, Munich / Graz
- 277 Authors, Acknowledgements
